

OFFICIAL COMMUNICATION BEARS SITGES

2021 april 17th

From Bears Sitges we report on the current situation and decisions made for the remainder of 2021.

As you all know, the COVID19 situation has been catastrophic on a human and economic level throughout the world and throughout the industry. Also associations, communities, local companies, etc.

For Bears Sitges it has not been different, the situation since everything began has been unsustainable, although we continue working as always, as every day, for the Bear World Community. for Sitges, and for the common benefit.

The economic situation of Bears Sitges, as we mentioned, has also been affected, since each year it decapitalizes to attend the solidarity program that we have been doing for more than a decade, and that unfortunately we have not been able to attend in 2020, but we hope be able to pick it up again for years to come.

Bears Sitges has started an agreement in principle with the Sitges City Council, with the intention of reaching an agreement that allows it to receive aid from the City Council that allows to alleviate a little the financial situation of Bears Sitges. We greatly appreciate this approach, since Bears Sitges has always defended that our existence and the promotion that Bears Sitges makes of the town worldwide, is always more effective if we go hand in hand with the main institution of Sitges.

However, we continue to need the financial help of all those who believe it appropriate to participate in the Crowdfunding that we launched at the request of different regular attendees to Bears Sitges Week. No matter how much each person can donate, all of them are and will be of enormous help so that Bears Sitges can move forward. They can participate with their donations from the link that you will find in www.bearssitges.org.

Also, aware that our regular sponsors have suffered this economic blow like us, we take the opportunity to ask all Sitges businesses that could have benefited at some point from the actions and activities of Bears Sitges, that if they can contribute a little help, contact us at bearssitgesglobal@gmail.com to manage it.

Bears Sitges Meeting (April 29-30 - May 1 and 2)

Although there are just a few days left for the dates that we had planned the celebration of the first annual event "Bears Sitges Meeting", everything and that there are no official activities of Bears Sitges for those dates, we want to invite all the Bears that were already scheduled to attend, to come to Sitges, that our Vila is going to be equally welcoming, that it will be a great pleasure to meet you all again, although we have to maintain the precautions that the situation demands and that we all must to follow. We invite all our sponsors to publish in our Facebook group Bears Sitges Meeting "OFFICIAL" those activities, schedules, offers and information that they want to send to the Bears that we will meet during those days, as well as the many who visit us on other dates.

Bears Sitges Week (3> 12 September)

We keep the call for this event. Given that there are still months to go and we cannot know what the pandemic situation will be like in the month of September, we maintain the call for those days. However, although we will ask our sponsors to prepare activities for those days, including some excursions. Bears Sitges will organize some of the usual ones such as the Official Dinner, and if the situation allows it, we will try to find a way to celebrate the election of Mr. Bear Sitges in a safe place.

BEAR-VILLAGE, we are aware that one of the main attractions of the event is the Bear-Village on the beach, and our intention is to have everything ready to be able to make the Village model that meets all the safety conditions, however, it will depend of the situation in which we are in the month of September and the possibilities and legal requirements that the authorities impose on us and propose for the construction of the aforementioned Village. However, we encourage all the Bears in the world not to miss this appointment, the most important thing is the people who make this event the best and most massive in the world, and that is why each and every one of you bears is the most important piece.

WE WAIT FOR YOU ALL.
